Additional Notes:

1. CLEP credit is awarded as indicated above for scores equivalent to a C or better grade, as determined by the College Board. This applies to all exams except where otherwise noted.
2. CLEP credit does not carry a letter grade nor is it compounded as part of the student's grade point average. It is identified on the student transcript as CLEP credit for the particular course or subject area, in a manner similar to transfer credit. However, the CLEP score may be converted to a letter grade only for purposes of admission to selective curriculums.
3. Students will receive a copy of the CLEP score on the day of the test, except for the English Composition with Essay exams. CLEP will mail a copy of the English Composition with Essay scores to the student.
4. **These equivalent credits are for Nassau Community College ONLY. Please contact the institution you are/will attend for their individual CLEP equivalency credits.**
