Insurance Brokerage Services/Professional Services Contract	$100,000	A	Marshall & Sterling	$400,000	Five Years

A. The College requires continued insurance brokerage and consulting services to support annual policy renewals, including coverage specifications, market analysis, competitive carrier quotes, recommendations, and placement of coverage to ensure effective risk mitigation and best value. As the current five-year contract expires January 4, 2027, with no renewal options, a new agreement is necessary to maintain continuity of services. Marshall & Sterling, selected by the College's RFP Evaluation Committee, has extensive experience serving institutions of higher education and is considered well qualified to meet the College's insurance needs and secure competitive coverage.

RESOLVED, that the pending College Procurement Agreement with Marshall & Sterling, in the annual amount of $400,000, as requested by Phillip Cappello, Associate Vice President, Facilities Management, is approved by the Nassau Community College Board of Trustees Finance and Capital Committee and will be recommended to the full Board of Trustees for approval.
