General Advisement Information

Your course recommendations are based on:

- **Your major or intended career goals, placements, and Degree Evaluation**
- **The results of your placements in English, Reading and Math**
 - If your placements include developmental courses, you must enroll for them.
 - Placing into a developmental course may restrict you from enrolling in certain credit-level courses, see pages 10-11.
 - If you wish to enroll in MAT 111 (pre-calculus), 112 (business calculus) or 122 (calculus), you must take an additional test called the Advanced Algebra and Functions (AAF) test with Placement Testing, unless you have transfer credit for the appropriate prerequisite course. Email placementtesting@ncc.edu to schedule the AAF exam.
 - https://ncc.edu/advisement/helpful_tools/pdfs/MathAdvisementGuideMAT109orhigher.pdf
 - NCC 101, a one-credit College Experience seminar, will be required if you place into two or more developmental courses.
- **Your preference for full-time or part-time study**
 - Full-time study is enrollment in 12-17 credits/credit equivalent.
 - Part-time study is enrollment in 11.5 or less credits/credit equivalent.
- **Financial Aid Status**
 - Financial Aid can only be applicable to courses that are required for your degree program.
- **Previous College Credit or Advanced Placement**
 - Transfer credits from another college or from AP/IB classes and/or college-level courses taken in high school should appear on your NCC transcript. If not, be sure to submit official transcript/grade reports to the Admissions Office and let your advisor know.
 - Only credit courses with grades of “C” or higher are considered for transfer.

WHAT SHOULD I KNOW ABOUT DEVELOPMENTAL REQUIREMENTS AT NCC?

Developmental courses are a condition of your acceptance and should be taken during your first semester of attendance. If you place into two or more developmental courses (except ESL courses), you must also enroll in NCC 101, a one credit Freshmen Seminar.

DEVELOPMENTAL COURSE SEQUENCES

<u>Developmental Course</u>	<u>Credit Course</u>
COM 030 (ESL Placement) \longrightarrow	COM 101 or other credit-level course
ENG 001/101 \longrightarrow	ENG 102 or ENG 103
ENG 030* (ESL) or ENG 001 (ESL) \longrightarrow	ENG 100* (ESL) or ENG 101
MAT 003 or 013 or 002 or 012 \longrightarrow	Credit-level math course by advisement
RDG 001 \longrightarrow RDG 002 \longrightarrow	RDG 101 or other credit-level course
RDG 030 (ESL) \longrightarrow	RDG 101 or other credit-level course

ENG 001/101: Accelerated Learning Program (ALP) combines developmental ENG 001 with credit-level course ENG 101. Courses must be taken together.

MAT 003: This intensive course integrates arithmetic and algebra to prepare students for STEM programs.

MAT 013: This intensive course integrates arithmetic and quantitative literacy to prepare students for NON-STEM programs.

MAT 002: This course is intended for STEM programs. Students pursuing STEM should continue to the MAT 109/Pre-Calculus track.

MAT 012: This course is intended for NON-STEM programs. Upon completion students can register for MAT 100, 101, 102, 114, 118.

RDG 002: Students must register for a "Gateway Pair," which combines developmental RDG 002 with a credit-level course in a discipline.

WRT 001: For students placed into developmental English and RDG 001.

NON-CREDIT COURSES COUNT TOWARDS FULL-TIME ENROLLMENT

All developmental courses are non-credit but count as hours for full-time enrollment, billing, financial aid and health/dental insurance purposes (if applicable). Students eligible for Excelsior Scholarship should consult with the Financial Aid Office.

REGISTERING FOR YOUR CLASSES

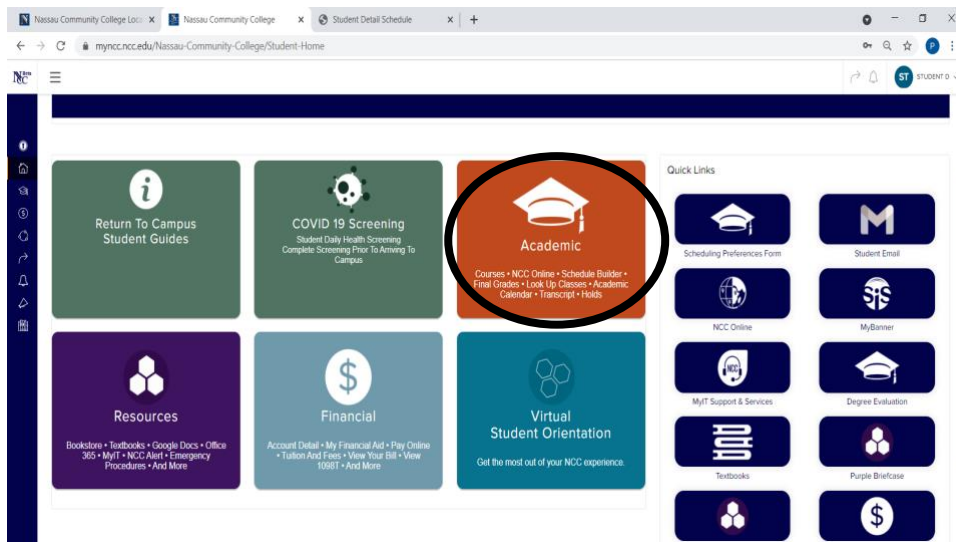

Using Schedule Builder

This helpful tool simplifies the process of creating your schedule. In your MyNCC Portal, **click on Student Academics> Schedule Builder.**

To obtain the best possible results, be sure to do the following:

- Click on the correct **Term**.
- Select the desired **Instructional Methods** and **Sessions** and save your selection. Click **Change** to narrow your options.
- Click on **+Add Course** to enter each course. You may search by **Subject, Course Attribute** or **Instructor**. Be sure to read course descriptions.
- Click on **+Add Breaks** for the time period you do not want to attend classes.
- Click **Generate Schedules**. If no schedules can be created adjust the breaks, selected courses or sessions, until some schedules can be generated. If too many are generated, you can refine your preferences instead.
- Review your possible options until you find your best choice.
- Click on **Send to Shopping Cart**
- Be sure to finalize the registration when you are redirected to your portal!

Schedule Builder works best when there are still many open classes to choose from. As it gets closer to the start of the semester, you may find it easier to register using the traditional **Add or Drop Classes** method in your MyNCC Portal. Once you are registered, you should use this method, rather than Schedule Builder, to make changes to your schedule.

Using the Register for Classes Link MyNCC Portal

Step 1: Go to <http://www.ncc.edu/myncc/>; Click 

Step 2: Enter your **NCC ID** (ex: N00999999) in the Username and password and click **Login**.

- **NOTE FOR FIRST-TIME USERS:** your Password is your birthdate in 6-digit format (MMDDYY); change your password when prompted.

Step 3: Under “**Student Academics**” Click: “**Add/Drop classes**”
