Transfer Finder is a tool to assist students who want to transfer from Nassau Community College to another SUNY institution. The tool allows comparison of up to three SUNY schools/programs simultaneously and provides the following three transfer search options:

- Transfer Finder is for undergraduate students to use with the primary intention of ensuring that all General Education courses will transfer seamlessly to other SUNY schools.

- A total of 30 credits, comprised of 7 out of 10 General Education categories, must be completed at all SUNY schools in order to earn a degree. When a General Education course meets one of these categories, you will see “GETA Class Used” on the degree audit, which indicates a course has been applied to that specific category. The ten General Education categories are Basic Communication, Math, Natural Science, Social Science, American History, Western Civilization, Other World Civilizations, Humanities, The Arts, and Foreign Language.

- Each of the SUNY schools accepts transfer courses differently. The number of credits and the grades that are acceptable for transfer are dependent on each school’s unique transfer policies. Students should speak with a representative at the transfer school if they have questions.

- Just as with a regular DegreeWorks student audit, the Transfer Finder audit will show the degree progress percentages. Degree progress is divided into two separate categories: Requirements and Credits. The requirements bar indicates the percentage of requirements that the student has completed or is registered and working towards. The credits bar indicates the percentage of credits that the student has successfully completed.

- Copies of the Transfer Finder audits are not saved anywhere within the system.

If you have any questions regarding the Transfer Finder tool, please email your questions to Degreeworks@ncc.edu
SUNY Transfer Tools Navigation

My Courses: Displays courses taken at NCC and other SUNY schools.

Transfer What If Audit: Compares how NCC courses apply toward different programs of study (up to three) at other SUNY schools.

Find Equivalent Courses within SUNY: Finds courses at other SUNY schools that are equivalent to courses at NCC.
