Do you have an interest in helping individuals on their journey of getting healthy? Do you want to assist them in developing and implementing a fitness training regimen that helps them lose weight, get stronger, improve physical performance, and maintain their health? Consider becoming a Certified Personal Trainer.

Certified Personal Trainers can work in gyms, community centers, resorts and cruise ships, client’s homes, nursing homes, etc. According to the Bureau of Labor, “Employment of fitness instructors is projected to grow 10% from 2016 - 2026. As businesses, government, and insurance organizations continue to recognize the benefits of health and fitness programs for their employees, incentives to join gyms or other types of health clubs are expected to increase the need for fitness trainers and instructors.”

Hands-on classes will be offered at a nearby gym facility.

In addition, students have the option to complete a 30-hour internship at no additional cost. To be eligible for the internship students may be required to complete a background check.*

Included in this course is a complete 200-page student workbook, access to online student study tools and test vouchers to take the Certified Personal Trainer exam. Textbook is an additional cost.
