

DIALYSIS TECHNICIAN PROGRAM

TRAIN TO BE A DIALYSIS TECHNICIAN AND ADVANCE YOUR CAREER IN HEALTH CARE

Train to become a Dialysis Technician and play an important role in caring for patients while working with a team of medical professionals. Learn the basics of setting up and operating dialysis equipment. This training is appropriate for RNs, EMTs, CNAs, PCTs and other health care professionals interested in obtaining a credential in dialysis. For those without prior work experience in the health care sector, this course will provide basic dialysis treatment knowledge and skills to make you more marketable in applying for an employee training program at a Dialysis Treatment Center. The health care industry on Long Island is one of the fastest growing sectors, and solid job growth is projected for health care technicians. Employment opportunities exist in Dialysis Treatment Centers, Hospitals, and long-term care facilities.

DIALYSIS TECHNICIAN PROGRAM

This 50-hour Dialysis Technician Program provides students with the knowledge and skills needed to perform the duties required of entry level Dialysis Technicians. Under the supervision of physicians and registered nurses, Dialysis Technicians operate kidney dialysis machines, prepare dialyzer reprocessing and delivery systems, as well as maintain equipment. Furthermore, technicians work with patients during dialysis procedures and monitor and record vital signs.

The program covers the principles of kidney function and failure and dialysis therapy. The program includes lectures, discussions and hands-on skills practice including ensuring infection control, recording vital signs, accessing a dialysis fistula and obtaining blood specimen using a dialysis training arm. As a part of the course, students will meet for several sessions offsite at a local Dialysis Treatment Center where the instructor will demonstrate dialysis techniques on various equipments. Students must arrange transportation to the off-site locations. Students are required to purchase light blue scrubs. **Textbook and materials provided.**

CE1 266 B1 Meets: Monday and Wednesday, 6:00pm-9:20pm for 15 sessions.

March 25 – May 20, 2019

Fee: \$995

CERTIFICATION

A person with a High School diploma who completes a minimum of one year of employment as a Dialysis Technician at an End Stage Renal Disease (ESRD) or qualifying medical facility can apply to take the Board of Nephrology Examiners Nursing Technology (BONENT) Certified Hemodialysis Technician (CHT) certifying exam. A current government issued ID, disclosure of a social security number, and a clear record with no felonies is required to take the exam.

With more training/education and experience, a person can go on to qualify as an Advanced Certified Clinical Hemodialysis Technician or choose to focus on maintaining and repairing water treatment and dialysis equipment, as a Biomedical Equipment Technician.
