OSHA 502 FOR CONSTRUCTION INDUSTRY: TRAINER UPDATE REQUIREMENTS
Authorized Construction Outreach trainers are required to attend the OSHA 502 Construction Trainer Update once every four years to maintain their trainer status. Prior to registration, students must provide a copy of their current Outreach Training Program trainer card to show proof of completion of the Construction Trainer Course. Outreach trainers must complete the OSHA 502 Construction Trainer before their expiration date. OSHA eliminated the 90-day grace period past expiration as of December 2018. If the authorization expires, the trainer must retake the OSHA 500 Trainer course (28 Contact Hours) and the OSHA 510 Construction Standards (26 Contact Hours), if completed more than seven years previously.

OSHA 500 TRAINER COURSE IN OCCUPATIONAL SAFETY & HEALTH STANDARDS FOR CONSTRUCTION INDUSTRY (CED 500 B1) Prerequisite: See *IMPORTANT NOTE* below.
This course is designed for personnel in the private and public sector interested in teaching the 10- and 30-hour construction safety and health outreach program to their employees and other interested groups. Special emphasis is placed upon those topics that are required in the 10- and 30-hour programs, as well as on those that are most hazardous, using OSHA standards as a guide. Course participants are briefed on effective instructional approaches and the effective use of visual aids and handouts. This course allows the student to become a trainer in the Outreach Program and to conduct both a 10- and 30-hour construction safety and health course and to issue cards to participants verifying course completion.
