

Plaza Art Gallery

Nassau Community College

2020 Virtual Art Student Exhibit

Gallery Questionnaire

Student Name: _____

Banner Number: _____

Class(es): _____

DIRECTIONS: After you view the exhibit images and read the supplemental text, answer all the questions below. The questions reflect the information and images you have viewed, however feel free to do additional research if you need more information. Some of the questions have multiple components, although they are considered one question. In this case you should answer each component of the question as a paragraph narrative, rather than single word answers to each individual piece of sub questions.

Complete the questionnaire and email it to your Instructor for course credit.

1. This year, due to COVID19 and all courses going remote, **The Art Student Exhibit** is featured on the Gallery APP and is not available to view in the physical space of the Gallery, face to face. In your experience have you found any difference between viewing artwork online, in a book or from a photographic reproduction rather than viewing the original art in person? Describe what those differences are, or the reason(s) there is no difference. Key elements for consideration in your decision should include size, color, point of reference, etc.

2. One of many reasons for the NCC Art Student Exhibit is to reflect our programs and courses. Choose an image that reflects a medium you would want to learn more about. Cite the artist's name, title of the work and in a few sentences explain why the medium interests you.

Gallery Questionnaire Continued:

3. A symbol is an image that represents an idea. Gineva Perrot, Eva Deming and Ross Pino have incorporated symbols, in varying methods, within their work. Select an artwork and identify any symbols you recognize, possibly connecting recurring symbols in multiple artworks, or a symbol that is personal to you. Name the symbol(s) and explain your impression of the meaning(s). Remember to cite the artist's name and the title of the work in your answer.

4. Skill and creativity are important components in art. Select a piece of artwork that best represents both: (A) creativity, (B) skill. Explain the reason(s) for your choice. Remember to give the artist's name and title of the piece in your answer.

5. Choose an artwork that you would award "Best in Show" and explain the reasons for your choice. Remember to keep your answers objective. Be sure your discussion includes at least three of the formal elements of art: (line, color, shape, form, composition, value, space, texture, movement, medium), as well as the artist's name and the title of the work.
